Pediatric

(MOCA®)

Simulation Course

Boston Children's Hospital Simulator Program in partnership with the Department of Anesthesiology, Perioperative and Pain Medicine are proud to offer a one day simulation training course in Pediatric Anesthesia Crisis Management.

Completion of the course provides board-certified anesthesiologists with MOCA® credit toward one component of Part IV.

Please consult the ABA website, www.theABA.org, for a list of all other MOCA® requirements.

Target Audience:

Practicing Pediatric Anesthesiologists as well as general practitioners with special interest in pediatric anesthesia who would like to improve their pediatric skills.

Accommodations

From the north: *Via Routes 1, 93, and 28*

- Follow the signs for Storrow Drive.

What to expect...

Course objectives:

- Provide management of hemodynamic and respiratory critical events in pediatric anesthesia.
- Practice up-to-date techniques in a safe learning environment.
- Reflect on optimal teamwork, leadership and communication skills required in crisis management.

Course highlights:

- Small group of 4-5 participants with 2-3 instructors per course to enhance the individual learning experience.
- Experiential Learning
- Performances will not be graded - this is not a test.
- Debriefing after each session with focus on educational aspects and discussion of crisis management, team work and communication.

Feedback from our course participants:

"I was very impressed how much work was put into the design of the scenarios and the educational content included in the debriefing sessions. I have attended other simulation sessions where the scenario/discussion focused almost exclusively on improving teamwork skills."

"This session was very different presenting very practical clinical pearls in addition the teamwork aspects of successful crisis management."

Course Faculty

- Julianne Bacsik, M.D.
- Richard Blum, M.D.
- Linda Bulich, M.D.
- Elizabeth Eastburn, M.D.
- Annette Schure, M.D.
- Bistra Vlassakova, M.D.
- Sharon Redd, M.D.
- Carlos Munoz-San Julian, M.D.
- Andres Navedo-Rivera, M.D.

Curricular development, staff, and technical support provided by BCHSP education specialists and technicians.

Course Fees

Standard course fee: $1500 per person

Group discount: $1450 per person

- Requires a minimum of 4 participants
- Contact person responsible for collating payment from other participants
- Group course fees must be paid in one payment
