New York state has **5,277** licensed Anesthesiologists and **1,200** CRNAs

Did you know?

According to the New York State Department of Health there are **206** hospitals in New York state. We surveyed all of the hospitals and of those that perform surgery only **2 DO NOT** have an anesthesiologist on staff and do not have access to a local anesthesiologist. Under law these hospitals must have the operating surgeon supervise the administration of anesthesia.
